**JUNKIN  
STRETCHERS**

## Junkin Safety Basket Stretchers

**Plastic Stretcher 034-JSA-200**  
**Break-Away 034-JSA-200-B**

Ideal for unusually rugged rescue situations. Great for compact places like a cave to the large slopes of a mountain where lengthy foot travel is mandatory.

Rescue baskets are portable, easy to clean, lightweight and durable. With all the additional accessories available, these can be used in almost any and all situations for safe transfer.

Break-away version is designed to rescue injured persons from locations where lengthy foot travel is mandatory. The stretcher breaks into two halves which can be back-packed to the point of rescue and assembled in seconds.

## Blizzard Transport CLS

**Item # 402-BT-01**

Blizzard Transport CLS (Combat Life Saver)  
Disposable Litter with 2-Layer Blanket - Green

This high performance insulating survival blanket is attached to a carry litter for rapid evacuation. The product includes 8 handles for an extremely easy lift.

## Blizzard 3 Layer Trauma Blanket

**Item # 402-BPS-10**

- Large survival blanket with self adhesive closure.
- It provides total warmth and weather protection, can easily be re-opened.
- It can easily be re-opened for examination of the casualty or medical intervention.
- It provides the total warmth and weather protection, reducing shock and guarding against the risk of hypothermia in all conditions.
- Re-usability: blankets can be re-used many times without loss of performance.

Size (vacuum packed): 20 cm x 11 cm x 4.5 cm.(450g)  
Size (unpacked): 2.35m x 2.4m

## 75FT THROW ROPE W/BAG

**Item # 052-MRD175**

The MRD175 throw bag is designed for water rescue professionals to allow for maximum throwing efficiency and ease of re-loading even with a gloved hand. The 75' rope is 3/8" in diameter, floats, and has a minimum 2000 lb breaking strength with a nylon core and polypropylene, yellow and orange weave sheath. The MRD175 is a true 75' from knot end to knot end, making distance measuring much easier.

## Reveal FirePro Thermal Imaging Camera

**Item # 522-RQ-FFAX**

- 320 x 240 Thermal Sensor
- 2.4" Color display
- -4 to 1022F Temperature Detection
- IP67 Rating
- Works Day or Night
- 1500 ft range
- 3 Modes Fire, Survey, Color
- Capture and save images to the internal 4GB memory
- USB Rechargeable

## Mule II Litter Wheel

**Item # 060-331602**

- large, lightweight all-terrain wheel
- single wheel design makes it ideal for narrow trails
- fast, simple securing system
- eight adjustable handle positions,
- the Mule II Litter Wheel is an excellent all-purpose transport solution

### Helmet

**Petzl Vertex Best CSA**  
Comfortable helmet for work at height and rescue

With its strong chinstrap, the VERTEX BEST helmet sets the standard in head protection for workers at height. Its unventilated shell protects against electrical hazards and

### Harness

**Petzl AVAO BOD**  
Comfortable harness for fall arrest, work positioning and suspension

The AVAO BOD FAST fall arrest, work positioning and suspension harness is designed for greater comfort in all situations. The X-shaped dorsal construction wraps to reduce pressure points during prolonged suspension. The harness also facilitates carrying and organizing work tools, with multiple equipment loops and retainers for attaching CARITool tool holders and TOOLBAG tool-holder pouches. The AVAO BOD FAST harness has a specific construction that allows the user to hang from the dorsal attachment point for a longer time in case of a fall. The harness has an integrated fall indicator on the dorsal attachment point and is fastened with a TRIACT-LOCK automatic locking carabiner.

It is certified to North American and European standards.  
AVAO BOD FAST features leg loops with FAST automatic

## LifeLine Rescue Tool

## MAESTRO S

tem # 256-D024AA00

Descender with integrated progress-capture pulley for loads up to 250 kg, compatible with 10.5 to 11.5 mm ropes

## MPD - MULTI-PURPOSE DEVICE

The MPD allows you to go from lowering to raising without changing hardware. More than nine years of research and development went into the patented MPD, which features major innovations in advanced technical hardware for rope rescue professionals

The MPD's high-efficiency pulley, with an integral rope-grab mechanism, allows it to be used as a lowering device on the main line and belay line systems and be quickly changed over to a raising system without switching out or replacing hardware. The combination of essential features into a single device simplifies on-scene rigging, expediting the rescue. The revolutionary MPD increases user safety.
